## **WHEN MAY DEPUTY REGISTRARS ACCEPT VOTER REGISTRATIONS?**

Deputy registrars may accept voter registrations at any time except during the 27-day period before each election. Registration is closed for two days after each election (one day after each election in Chicago).

## **TO QUALIFY TO REGISTER TO VOTE A PERSON MUST:**

- Must be a U.S. citizen;
- Must be at least 18 years of age by Election Day;
- Must have been a resident of the precinct at least 30 days prior to Election Day.

When registering to vote, two forms of identification are required - one must show the current address of the applicant.

## **WHERE MAY DEPUTY REGISTRARS TAKE VOTER REGISTRATION?**

Deputy registrars from civic organizations, labor organizations, corporations, and all precinct committeemen may take registrations (of those residing in their jurisdiction) anywhere.

All other deputy registrars may accept registrations only at fixed locations.

## **FROM WHOM MAY REGISTRARS TAKE VOTER REGISTRATION?**

Deputy registrars may register only those persons who are residents of their election jurisdiction, with one exception.

In any county in which there is a municipality under the jurisdiction of a board of election commissioners, the county clerk and his/her appointed deputy registrars may accept the registration of qualified persons (those residing within such municipality). Completed registration applications are to be transmitted to the board of election commissioners.

The board of election commissioners and its appointed deputy registrars may accept the registration of any qualified person (those persons residing in the county in which the municipality under the jurisdiction of such board is located) and transmit such registration to the county clerk.

In Cook County ONLY, municipal and township clerks and their deputy registrars may accept the registration of any qualified resident of the county or counties in which the municipality or township is located.

Municipal clerks or an authorized deputy registrar of a municipal clerk, of a municipality which lies in more than one county, may accept the registration of any qualified resident of the municipality regardless of which county the resident lives in.

Civic organizations which seek to engage in voter registration must file an application with the State Board of Elections for certification as a bona fide state civic organization. It is important to know that applications for certification must be filed with the SBE by the 90th day prior to each election.
